I,Moira A. Winch, Clerk of the
Corporation of the Township of
Goulbourn, do hereby certify that
the following is a true copy of
a resolution passed by Goulbourn
Township Council at a meeting
held on November 2nd, 1987.

BE IT RESOLVED THAT the Council of the Corporation of the Township of Goulbourn hereby reaffirms its adoption of By-Law No. 2-87, being Amendment No. 54 to the Goulbourn Official Plan.
(Bell, Clarke, Maguire, Faulkner)

GIVEN under my hand and the Seal
of the said Corporation at the
Township of Goulbourn this 10th
day of November, 1987.

Dear Ms. Brown:

City Council, at its meeting held on November 18, 1987 reconsidered the Regional Official Plan Review - Response to Draft Policies, in particular, the deletion of Alta Vista Drive from the Regional Road system.

At that time, Council approved the deletion of Alta Vista Drive from the Regional Road system.

Please forward this information to your Council.

Yours truly,

J.R. Cyr

Attention: J. M. Wright

Dear Mr. Wright:

Re: Regional Draft Official Plan

Council, at its meeting held on November 17, 1987, adopted a recommendation from the Planning Advisory Committee that the Township recommends to the Regional Planning Department that it prepare a final draft revised Official Plan and circulate it to the Township for comment prior to Regional Council's consideration.

Should you require further information, please do not hesitate to contact me.

Yours truly,

Wayne Robinson

20 1987
PLANNING DEPARTMENT

Dear Mr. Brereton:

Re: Land Use Designation, South 1/2 of Lot 8,
Concession 7, Rideau Township

Our firm is writing you on behalf of M. O'Connor, owner of the above referenced parcel of land in Rideau Township. (Copy of aerial photo attached).

In August, 1987 our client wrote to the Planning Department (Mr. Chris Bradshaw, Community Relations Officer) with reference to the Draft Official Plan, RMOC, May 1987. The letter requested the exclusion of our client's land from an 'Agricultural' designation, and its inclusion in the 'General Rural' district, in the Draft Official Plan that would be placed before Planning Committee and Regional Council for approval. The Report of the Management Committee (September 10, 1987) considered by the Planning Committee on November 3-6, 1987 recommended that there be no change to the 'Agricultural' designation for the subject property (item #1 p.307 and #9 on map 2A, p.305 - copy attached). Planning Committee concurred with the recommendation.

We ask that you review the original request by our client, and reconsider the recommendation of "no change" presented to and approved by the Planning Committee on November 4, 1987.

There are several reasons for this request and these are listed in the following paragraphs. In submitting our reasons we recognize (as noted on page 5-1 of the Draft Official Plan, November 1987) that "the suitability of an area for agriculture is a function of a number of variables including soil capability, type of agricultural land use, and the degree of fragmentation by non-agricultural uses".

.../2

However, we remain unconvinced (as stated on page 307 of the *Report of the Management Committee*) that the land was adequately "investigated considering soil capability for agriculture, the type of farming activity on the site and surrounding the site, and the surrounding designations".

1. The land in question and neighbouring properties to east and west has not been actively farmed for many years.

2. The parcel of land in question is not prime agricultural land, according to the Agricultural Capability Rating and System of Classification for the RMOC (Ontario Institute of Pedology).

   Approximately 75 percent of the parcel is Class 3 - having a major limitation or combination of limitations that restricts the range of crops or requires special conservation practises. More specifically, the land is characterized by major excess water, and stoniness interfering with tillage, harvesting and planting.

   Approximately 25 percent of the parcel is Class 4 and Class 5 - having conditions severely restricting the range of crops and requiring special conservation practises, if at all feasible. More specifically, the land is characterized by extreme shallowness to bedrock, stoniness interfering with tillage, planting and harvesting, variation in soil drainage and moisture content, low moisture holding capacity, low natural fertility, and some adverse topography.

3. Expericenced, active farmers in the area have attested to the poor quality of the parcel for agricultural purposes. A letter from one farmer (Mr. W. Schouten), who worked the land for a number of years until 1977, was attached with M. O'Connor's August, 1987 submission. A copy is again attached herewith. Please read the letter. It makes several important points based upon one farmer's experience.

   - the fields are small and varying in shape
   - the soil depth is shallow
   - the soil is full of stone, which damages farm machinery
   - the hard pan is very close to the surface and crops tend to dry up or drown

4. There is further testament to the fact that this land is poor for farming. Since no farmer would lease the land for agricultural pruposes, our client offered the use of the land to local farmers for free. There were no takers, because the cost to farm the land would exceed the return from the crops harvested, and the farmer would incur a net financial loss.

5. The Class 4 portion of the parcel does not show evidence of ever having been farmed. (It is a forested area.)

6. Specialty crops have never been grown on this land, nor on the north half of this Lot (which is 70% Class 4 and 5) or on Lot 6 to the east.

.../3

6. This parcel of questionable agricultural value is not centrally situated amidst a large tract of prime agricultural land. Quite the opposite, it is poor agricultural land, at the edge of a district designated Agricultural and abuts land designated General Rural (see sketch attached). Designation of the parcel as General Rural would not make it an anomally within an Agricultural district.

7. Numerous severances have already been permitted along both road frontages in Lot 6 to the east of this parcel and, many houses have been built on these newly created frontage lots (shown on sketch). Klondike Road (at the south boundary) and the north-south road Road (one Lot to the east of the parcel) are man-made features which are appropriate lines at which to change the land use designation from General Rural to Agricultural (see sketch attached).

Our understanding is that the Planning Department is currently incorporating revisions to the Draft Official Plan. Further, we understand that it will be resubmitted to Planning Committee and the Regional Council for approval early in the New Year. In view of all the above points, we request that the Planning Department recommend the redesignation of this parcel of land from 'Agriculturd' to 'General Rural' in the version of the Draft Official Plan that will be placed before Planning Committee and Regional Council.

I would appreciate hearing from you upon your receipt of this letter, so that we may agree to meet and further review the merits of our client's case.

Yours truly,

ALA-KANTTI WOODMAN ARCHITECTS INC.

of policy. West Carleton (Brief 134) have asked that area municipalities should have the same powers as they have now.

It is staff's intent to make no substantive change to policies affecting industrial development in the draft plan. However it should be noted the draft plan is more restrictive towards commercial development in Agricultural Resource Areas since they are permitted by the existing plan, but not by the draft plan.

RECOMMENDATION

It is therefore recommended that apart from minor word changes for clarification, no substantive change be made to the policies on general rural areas

b) Requests to be designated General Rural Area

Nine requests were received that land designated Agricultural resource should be designated General Rural Area. They are as follows:

* 1. Lot 8 Conc.7 Rideau formerly Marlborough
2. Lots 24 and 24 Conc.9 and Lots 25 and 26 Conc.10 Goulbourn
3. West ½ lot 15 Conc. 4 Goulbourn
4. Lot 13 Conc. 1 Rideau formally North Gower
5. Lots 13 and 14 Conc. 7 West Carleton formally Fitzroy
6. Lot 21 Conc. 3 and lot 21 Conc. 4 Goulbourn
7. Lots 10-15 Conc.1 West Carleton farmally Huntley
8. East ½ lot 12 and lots 13, 14 and 15. Conc. 6 Goulbourn
9. All land in Kanata designated Agricultural Resource except the Walter Baker Park

One request was received to redesignate Agricultural Resource (river corridor) land to General Rural Area (river corridor):

10. N.E. Corner Regional Roads 8 and 19 City of Gloucester.

These 10 sites are shown on Maps 2A and 2B.

With regard to the above, number 3 already was proposed to be designated General Rural in the draft official plan.

* The other areas were investigated considering soil capability for agriculture, the type of farming activity on the site and surrounding the site, and the surrounding designations. On the basis of this investigation staff are recommending that most of number 2, all of number 7 and part of number 8 should be redesignated to General Rural Area.

Proponents of the above requests often raised unique features about their particular property and they are worthy of a response.

Number 5 once had a draft approved subdivision on it which the owner allowed to lapse. The land is a "pocket" within an agricultural area. At 22 hectares it is too small to warrant a specific designation in the regional official plan. West Carleton has designated the site "Agricultural low priority" in its amendment 29 which permit 4.0 hectare severances. This conforms to the proposed "pockets" policy in the draft regional official plan and no change is recommended.

Number 6 suggested the land should be General Rural partly so it could be used for an expansion of the Village of Richmond. The land is class 4 and is actively farmed. The redesignation is not required for it to be considered as part of a village expansion. If the need arises it can be considered at that time.

Number 9 relates to all agricultural areas in Kanata of which 2

Cornerview Farms
RR3 Richmond, Ont
July 10, 1987

To Whom It May Concern;

At the request of my nieghbour Molly O'Connor, I would like to offer you my opinion on the quality of her land for agriculture purposes. As a bonefide farmer,well respected in the field, let me tell you the land is not much. The fields are small and varying shapes, divided by rows of fence and brush. The soil depth is shallow and full of stone. Yes, I said stone, because this land is blessed with them. Except for one 8 acre field in the back of this land it is stony and the hard pan is very close to the surface.- As a result of this the crops tended to either dry up or drown, on a wet year the water lays on the surface and a dry year the surface bakes so the water can't come up. In my estimation there is not even class 2 or 3 as designated, at best I would say class 6 or 7.

You may wish to know why I am so familiar with this property. Ten years ago we worked this land , and had for a number of years. We did so more or less as a courtesy to keep the weeds down, and we payed very little rent. Now my son's are grown and operating the farm business with me. They do not want this quality land since one just breaks their back picking stone , and breaks the machinery as well..

You may wish to know if I am qualified to give you this kind of appraisal. Let me tell, I came to this country in 1952 from Holland, where I grew up on my father's farm and got my education in agriculture. Since living in this country I started as a hired hand before starting on my own. My farm has grown to become Schouten Corner View Farms Ltd., one of the leading dairy farms in Eastern Ontario. I am also a councillor, wardl, Rideau Township, and a member on the Ontario Milk Marketing Board(OMMB).

If you have any concerns re this letter feel free to contact me, I would be pleased to discuss it with you and would make myself available to walk the property, if necessary.

Sincerely
Wm Schouten

Dear Gord,

RE: OFFICIAL PLAN REVIEW

As authorized by the Board of Directors of the Barrhaven Community Association, I am writing to you to express the continued interest of the BCA in the Official Plan and the proposed amendments thereto, especially in regard to the southern urban expansion.

Since the proposals may have significant impact on the Barrhaven area, the BCA has also asked me to seek, on its behalf, the opportunity to submit comment at a later date during the Review process.

Should the BCA be afforded an opportunity for late submission, we would study the Official Plan proposals and submit comments as quickly as possible.

Yours truly,

Judy Hardiman

DEC 10 1987
CLERK'S DEPARTMENT

Mr. Gordon Hunter,
Chairman, Planning Committee,
Regional Municipality of Ottawa-Carleton,
14th Floor,
222 Queen Street,
Ottawa, Ontario,
K1P 5Z3.

Dear Mr. Hunter,

I am writing concerning the zoning of Carlingwood Shopping Centre which, according to the recent recommendation of the Region's Planning Staff, should be rezoned not to exceed 50,000 square metres. In support of this recommendation, and to endorse the position taken by the Carlingwood Action Committee which is that all further expansion should be stopped now by means of rezoning, I would like to advise you of the position taken by the Woodroffe North Community Association.

The Woodroffe North Community comprises 155 housholds in the residential area lohated between Richmond Road and the Ottawa River Parkway, on both sides of Woodroffe Avenue. The Community is bordered by lands of the National Capital Commission to the north and west sides, and also to the south which was formerly the CPR right-of-way, and by the lands of the Unitarian Congregation to the east. The streets in our Community to the west of Woodroffe Avenue are named Deschenes, Orvigale Road, Pooler, and Elder; those east of Woodroffe Avenue are Saunders, Porter, Lockhart, Wayne, Aylen, Algonquin, and Rice.

Carlingwood is the nearest Shopping Centre. It is also a major generator of traffic on Woodroffe Avenue which runs through our residential neighbourhood.

During the last week of April 1987 all 155 households in the Community were surveyed by a 31-item questionnaire asking about community needs and perferences. Responses were received in 106 questionnaires which were returned. One of the questions concerned the expansion of Carlingwood Shopping Centre. It was worded as follows:

Background

The expansion currently being carried out at Carlingwood Shopping Centre will raise its density to 41% of what could ultimately be allowed. A newly released study done for the City of Ottawa proposes an even further addition of 150000 square feet, which could increase the density to 75% of the allowed size.

Question

Are you in favour of a further 150,000 square feet expansion of Carlingwood Shopping Centre?

Answer

The response was 10% in favour, 60% not in favour, and 28% did not know whether they were in favour or not.

Coming, as it does, from ordinary citizens who may not readily conceptualize areas expressed in square feet or square metres, I consider that this response represents strong support for the rezoning of Carlingwood Shopping Centre at its present size, without further expansion.

Yours truly,

Thomas R. B. Barr.

Thomas R. B. Barr.,
President,
Woodroffe North Community Association.

BRIEF #170

This submission is the second grouping of signed form letters received from residents concerned about the possible future expansion of the Carlingwood Shopping Centre. The first set was brief #161. At the time of printing (mid-April, 1988) a total of 1182 letters had been received.

This brief contains:

1. A covering letter from Barry Wellar, president of the Carlingwood Action Committee, the organization which coordinated the letter-writing campaign.
2. A list of all singatories of letters received, in order of street, then street number (and further by apartment number, where appropriate). The list includes reference to whether the party simply sent in a letter (L), a letter with comments (C), or signed a petition (P).
3. A list of all signatories of letters received, in alphabetical order of last name of the primary signatory.
4. A reprint of all letters on which the signatory added some comment (those with a C on the above lists). Brief #161 contained 14 such letters. This brief contains the 273 other letters which had comments. These letters are printed in order received (rather than in the order of either of the lists). They are numbered, however, are therefore are easy to cross-reference. The date provided on the list (in a YYMMDD format) refer to the date filled in by the signatory, not the date we received the letter.

Two additional form letters that were received had additional comments that placed that author in opposition to the position taken in the letter; they have been printed as separate briefs, #173 and #174.

Quite a number of letters containing more than one signature. With them, the total number of residents supporting the letter-writing campaign is now 1505. However, this number must be reduced somewhat to compensate for a small number (less than two dozen) of people who submitted two letters, generally at two dates some distance from each other.

Finally, a review of the list will show that a few of the letters were signed by people who gave an address that is beyond the Carlingwood area. It may be assumed that these people were visiting nearby residents and agreed to sign the letter to support the local cause.

Re: Letters on the subject of any further expansion of Carlingwood Shopping Centre and/or of the Carlingwood-Fairlawn Complex

Dear Mr. Hunter and Members of Planning Committee:

By their sheer volume and their overwhelming support for the proposition that ENOUGH IS ENOUGH, the letters make an eloquent, unequivocal statement: there is massive community support for the Carlingwood Action Committee position that THERE BE NO MORE DEVELOPMENT OF ANY KIND AT CARLINGWOOD OR OF THE CARLINGWOOD-FAIRLAWN COMPLEX.

There is, however, far more to the materials submitted than the mere face value appearance of sheets of paper and signatures:

1) The addition to the original letter of a section for comments produced numerous strongly-held and superbly-argued statements from area residents about things gone wrong and going wrong, on and around the referenced properties.

   In my view, had time permitted the luxury of a pre-test of the original, I believe that we could easily have produced several more hundred letters containing personal statements -- briefs -- on the amendments to the Regional Official Plan.

2) Area residents were perfectly free to disagree with the contents of the letter, and to send to you a modified version of our letter, or a letter of their own creation. As of this writing, and to the best of my knowledge, the number of persons on record as favouring further expansion, with or without reasons for their positions, numbered less than a dozen from some 1200 submissions.

3) The letters were intended primarily for people living in close proximity to the site, and especially on streets directly affected by traffic going to and from Carlingwood or Fairlawn, or on streets being subjected to non-local traffic trying to avoid the increased congestion on regional roads around the shopping centres. The distribution area was expanded, however, to include others in the Region who wanted to use our letter to complain (there was no praise) in writing about the traffic, parking, safety, or other problems on or around the sites.

MAR 22

. . . 2

4) To the best of my knowledge, the letters represent the only current, empirical evidence available on the sense of community about further expansion of any kind in any amount at Carlingwood Shopping Centre, and/or the Carlingwood-Fairlawn Complex. On the available evidence, then, and setting aside narrowly-held, personal views or opinions, the community by a ratio of 100-to-1 favours limiting Carlingwood and Carlingwood-Fairlawn to their existing sizes.

That is, and at an astounding 99% level, area residents are opposed to further expansion of any kind in any amount at Carlingwood Shopping Centre, or the Carlingwood-Fairlawn Complex.

In my capacity as President of the Carlingwood Action Committee, I would be pleased to receive questions in any of the above regards, and on any matter related to the associated letters submitted to the Committee and, subsequently, to the attention of all members of Regional Council.

Sincerely,

B Wellar

Barry Wellar, Ph.D., MCIP
President

Chairman G. Hunter and Members of Planning Committee
Regional Municipality of Ottawa-Carleton
222 Queen Street
Ottawa, Ontario
K1P 5Z3

Dear Chairman and Members:

I would like to record my support for the position that there should be no further expansion of the Carlingwood Shopping Centre and Fairlawn Plaza properties.

In particular, I am concerned that the regional roads (Woodroffe, Carling, Fairlawn) and intersections which abut the properties have become so congested, and so stressful to drivers, that ever-increasing volumes of shopping centre traffic and regional traffic are diverting from regional roads to neighbourhood streets.

Due to this invasion of local streets by shopping centre traffic, and by regional traffic trying to bypass the congestion around the properties, area residents have been obliged to suffer the consequences.

That is, with each expansion residents in the surrounding neighbourhoods suffer the consequences of more traffic: loss of safety of pedestrians, cyclists and motorists; increased air and noise pollution; loss of enjoyment of property and neighbourhood facilities; loss of property values; loss of a sense of community; and an overall diminished quality of life.

I am therefore pleased to join with many other residents and our area associations to request, in the interests of the larger public good, that the Regional Official Plan treat Carlingwood and Fairlawn as a single commercial entity, and that Carlingwood-Fairlawn be limited to the existing gross leasable area.

Dear Mr. Hunter

I do not usually jump on a band wagon and sign petitions. However, in this instance I believe that Carlingwood has been such a disaster so I must express my concern about a future expansion.

Yours truly
VBSchneider

To the planning Committee, R.M.O.C.

170-3

Carlingwood served community needs well before the recent expansion. There is now plenty of parking, but access is very restricted, with long lines of traffic blocking roadways in + out of the centre. Tempers, (including mine) run very high, + parking outside the centre on area roads has become a real problem.

We did not need the extra stores, + access to the centre is far less convenient. A further expansion is unthinkable.

A shopping centre should serve the community + the shoppers, not the greed of the developer. Please limit Carlingwood / Fairlawn to it's present size.

Marie Andrews

lvertisement)

P.S.

With reference to the Carlingwood expansion I would like to tell you that I already find existing conditions such as approach traffic and convenience of parking unbearable and avoid the area if it at all possible. Therefore I have opened an account at another bank and switched my weekly shopping to other centres. I also know that I am not the only one who has done this. I have a feeling once the novelty of the "renewal" has worn off Carlingwood and Fairlawn will die a natural death when people will find more convenient areas for spending their money.

Helga Ray.

ADDITIONAL COMMENTS: (use reverse if necessary)

Sunday shopping (if allowed) will extend the above problems from 6-7 days. It's very difficult for the elderly to cross the road now, owing to heavy traffic. It is no longer a safe area, so further development must STOP.

ADDITIONAL COMMENTS: (use reverse if necessary)

The traffic on Fox Cr between Woodroffe & Fairlawn has increased a lot due to the Carlingwood and development behind Fairlawn Plaza. I've complained to Jacqueline Holzman numerous time over the past year about truck and bus traffic on a residential street. No truck signs were put up, but do not help. they still keep coming. Im unable at present to record bus numbers due to a fairly new baby to look after. Im too busy to be jumping up and down to record numbers, also I work part time. Im darn mad nothing more has been done. Its dangerous. We have no side walks and have to walk in the street. I walk five children to school some mornings and just pray none get hit. The truck sign does no good and buses keep coming early morning to late at night. Cant any-thing be done??? We're an 11 year resident in the neighbourhood and like it here.

J L Moore

If things keep going the way they have been, hell, its time to move.

Dear Chairman and Members:

I would like to record my support for the position that there should be no further expansion of the Carlingwood Shopping Centre and Fairlawn Plaza properties.

In particular, I am concerned that the regional roads (Woodroffe, Carling, Fairlawn) and intersections which abut the properties have become so congested, and so stressful to drivers, that ever-increasing volumes of shopping centre traffic and regional traffic are diverting from regional roads to neighbourhood streets.

Due to this invasion of local streets by shopping centre traffic, and by regional traffic trying to bypass the congestion around the properties, area residents have been obliged to suffer the consequences.

That is, with each expansion residents in the surrounding neighbourhoods suffer the consequences of more traffic: loss of safety of pedestrians, cyclists and motorists; increased air and noise pollution; loss of enjoyment of property and neighbourhood facilities; loss of property values; loss of a sense of community; and an overall diminished quality of life.

I am therefore pleased to join with many other residents and our area associations to request, in the interests of the larger public good, that the Regional Official Plan treat Carlingwood and Fairlawn as a single commercial entity, and that Carlingwood-Fairlawn be limited to the existing gross leasable area.

When will the Regional Planning Committee put a lid on expansion in our area? We're inundated with stores etc. now! We left Centre Tow
for the quiet of the west end, in what I thought was a lovely residential area.
(over)

It seems that the Ottawa councillors who are pushing for expansion are sitting on their brains! There is no doubt that the quality of life will be affected if this monstrous plan goes through. It is totally unnecessary, to add any more commerce - to an already densely packed area. It's a senseless idea at best - and I'd like to hear our representative - Ms. Holtzman voice our strong objection at the next meeting, so far, I've not heard her views on this very important matter. If Mrs. Holtzman has any aspirations for a future in Municipal or Regional, Govt. it would be wise to get involved with this very important issue, as we in this area are very anxious to have someone to speak for us! Is it too presumptious to expect the one we voted for to voice our feeling? This is what I'll be remembering come the next election -

A. E. Warren

It is to be hoped that something can be done about access to Loblaw store in order to pick up groceries. It is difficult to park in such a position as to be able put groceries in to a car — the corner of the exit door is a horrendous mess with cars and buses going by. If one goes to the P.T.O.

parking garage there is no place to leave groceries in charge of someone while we bring the car around. Furthermore, those who have to carry parcels to the bus have a long and dangerous walk to the bus.

ERB.

. It is most difficult to enter Maitland from Lenester to go to the Queensway — a light or indicator?

It is hazardous to enter Lenester now from North or South - one cannot get out far enough out to see Lenester increased traffic from both east and west.

Carlingwood accesses and traffic patterns need a lot more planning and thought

"The Flyer" is not very interesting and does not apply to our shopping area as much as "Ottawa West."

Chairman G. Hunter and Members of Planning Committee
Regional Municipality of Ottawa-Carleton
222 Queen Street
Ottawa, Ontario
K1P 5Z3

Dear Chairman and Members:

I would like to record my support for the position that there should be no further expansion of the Carlingwood Shopping Centre and Fairlawn Plaza properties.

In particular, I am concerned that the regional roads (Woodroffe, Carling, Fairlawn) and intersections which abut the properties have become so congested, and so stressful to drivers, that ever-increasing volumes of shopping centre traffic and regional traffic are diverting from regional roads to neighbourhood streets.

Due to this invasion of local streets by shopping centre traffic, and by regional traffic trying to bypass the congestion around the properties, area residents have been obliged to suffer the consequences.

That is, with each expansion residents in the surrounding neighbourhoods suffer the consequences of more traffic: loss of safety of pedestrians, cyclists and motorists; increased air and noise pollution; loss of enjoyment of property and neighbourhood facilities; loss of property values; loss of a sense of community; and an overall diminished quality of life.

I am therefore pleased to join with many other residents and our area associations to request, in the interests of the larger public good, that the Regional Official Plan treat Carlingwood and Fairlawn as a single commercial entity, and that Carlingwood-Fairlawn be limited to the existing gross leasable area.

Sincerely,

Myrtle MacCready

ADDITIONAL COMMENTS: (use reverse if necessary)
Except on the rare occasion I have
stopped shopping at Carlingwood. Parking
at Fairlawn is risky & impossible and I

170-29

Cannot carry groceries so I go to Baseline Road at IGA where they are put in the car for me. It is no better at Fairlawn and people tell me they park there and walk across to Carlingwood! The four way stop at Forester and Fairlawn is a joke. I have seen 2-3 cars follow the car in front instead of the one on one basis. Evidently people who do not live in the area really don't care about the residents who live in the area and have to exit by these two streets.

For the safety and health of the community I am dead against any further expansion whatever. Having had my basement flooded twice I do not wish any further aggravation from Regional Planning Committee. By the way all the assurances of action on the sewer problems has had no fruitition.

Sincerely
Myrtle Mac Cready

There are not enough parking areas in the Fairlawn + Carlingwood Plazas. It is very congested as it takes one 15 to 20 minutes to find a parking spot and most of the time you have to wait till Someone pulled out to get parking. Not very Good.

The environmental impacts of Carlingwood should be ~~adds~~ adressed. In my opinion the increased traffic in the shopping area and also in adjacent streets will severely degrade the quality of air in the whole area. The increased possibility of traffic accidents, generated by more traffic, should also be considered.

I submit the above for your consideration and, no doubt, careful ~~con~~ analysis.

Note: I have helped the CAC do a traffic count of Carlingwood Shopping centre. I also shop there for my groceries. I must →

say that since the new extensions the parking is absolute chaos if you are alone to do your groceries and must be close enough to the Loblaws. Cars continuously go around & round waiting for close parking spot. When I did traffic count at the back entrance of Loblaws & noticed the ↑ congestion at that entrance the lack of parking & the ↑ amount of cars parking illegaly but in front of Loblaws docks. There was a complete block off all docks so that no trucks could come on to Loblaws & there were 2 or 3 cars turning into the coming lane therefore causing traffic.

Due to this invasion of local streets by shopping centre traffic, and by regional traffic trying to bypass the congestion around the properties, area residents have been obliged to suffer the consequences.

That is, with each expansion residents in the surrounding neighbourhoods suffer the consequences of more traffic: loss of safety of pedestrians, cyclists and motorists; increased air and noise pollution; loss of enjoyment of property and neighbourhood facilities; loss of property values; loss of a sense of community; and an overall diminished quality of life.

I am therefore pleased to join with many other residents and our area associations to request, in the interests of the larger public good, that the Regional Official Plan treat Carlingwood and Fairlawn as a single commercial entity, and that Carlingwood-Fairlawn be limited to the existing gross leasable area.

Sincerely,

Dear Chairman and Members:

I would like to record my support for the position that there should be no further expansion of the Carlingwood Shopping Centre and Fairlawn Plaza properties.

In particular, I am concerned that the regional roads (Woodroffe, Carling, Fairlawn) and intersections which abut the properties have become so congested, and so stressful to drivers, that ever-increasing volumes of shopping centre traffic and regional traffic are diverting from regional roads to neighbourhood streets.

Due to this invasion of local streets by shopping centre traffic, and by regional traffic trying to bypass the congestion around the properties, area residents have been obliged to suffer the consequences.

That is, with each expansion residents in the surrounding neighbourhoods suffer the consequences of more traffic: loss of safety of pedestrians, cyclists and motorists; increased air and noise pollution; loss of enjoyment of property and neighbourhood facilities; loss of property values; loss of a sense of community; and an overall diminished quality of life.

ADDITIONAL COMMENTS: (use reverse if necessary)

We moved to Hare Ave. in April 1951 at which time there was no Carlingwood Shopping Centre and where Fairlawn Plaza now stands, was the Honeywell Farm! Initially, these two Shopping Centres over

170-56

were of great convenience.

To-day, the traffic congestion is so dense that it is difficult and dangerous trying to find a parking spot. Saville Row Leicester etc. have become a nightmare for local residents.

In a meeting at D. Roy Kennedy school, about two and one-half years ago, many of us recall that alderman Holzman indicated that she would oppose the 1986-'7 expansion of Carlingwood. A short time later, at a meeting of City Council, she took a 180° turn and voted in favour of the expansion.

Now, despite the fact that she is not a member of the Regions' Planning Committee, she made a presentation on Nov. 6/87 to the Committee in favour of the proposed further expansion of 23,000 sq. metres, i.e. approximately eight times the expansion in 1986-'7.

Perhaps, if aldermen Holtzman, Jamie Fisher, Darrel Kent, Rob Quinn & Kanata Mayor, Des Adam, (latter four are members of Regional Planning Committee); lived closer to Carlingwood, they would consider the quality of life for this neighbourhood does not depend solely on an increased tax base.

Sincerely,

L. F. Greer

Over

The parking situation at Carlingwood is already intolerable. Any expansion (only to satisfy the greed of the developers, not the wishes of the community) can only make matters worse,

Accordingly, we have taken more and more to shopping elsewhere, but this does not alleviate the local environmental pollution, described above, cause by completed expansion and threatened further by proposed additional "development".

Mr. Hunter:

The enclosed is not just a form letter. I wish to add a personal comment.

Any further alteration to Carlingwood Mall (already a neighborhood monstrosity) indicates that there can be no confidence in the integrity of municipal zoning protection, nor in the judgment and sense of values of those entrusted with that protection.

The onslaught on this community of developers rapacious for the dollar, abetted by apparently indifferent municipal bureaucrats, is unconscionable. It even raises some question as to whose interest is being protected by officials and politicians.

In particular, I am concerned that the regional roads (Woodroffe, Carling, Fairlawn) and intersections which abut the properties have become so congested, and so stressful to drivers, that ever-increasing volumes of shopping centre traffic and regional traffic are diverting from regional roads to neighbourhood streets.

Due to this invasion of local streets by shopping centre traffic, and by regional traffic trying to bypass the congestion around the properties, area residents have been obliged to suffer the consequences.

That is, with each expansion residents in the surrounding neighbourhoods suffer the consequences of more traffic: loss of safety of pedestrians, cyclists and motorists; increased air and noise pollution; loss of enjoyment of property and neighbourhood facilities; loss of property values; loss of a sense of community; and an overall diminished quality of life.

I am therefore pleased to join with many other residents and our area associations to request, in the interests of the larger public good, that the Regional Official Plan treat Carlingwood and Fairlawn as a single commercial entity, and that Carlingwood-Fairlawn be limited to the existing gross leasable area.

Why expand shopping centres within Ottawa & ~~[illegible]~~ harm the surrounding neighbourhoods; rather ~~they~~ the build regional shopping centres and keep shopping trips relatively short.?

Sincerely,

(signature)

Dear Chairman and Members:

I would like to record my support for the position that there should be no further expansion of the Carlingwood Shopping Centre and Fairlawn Plaza properties.

In particular, I am concerned that the regional roads (Woodroffe, Carling, Fairlawn) and intersections which abut the properties have become so congested, and so stressful to drivers, that ever-increasing volumes of shopping centre traffic and regional traffic are diverting from regional roads to neighbourhood streets.

Due to this invasion of local streets by shopping centre traffic, and by regional traffic trying to bypass the congestion around the properties, area residents have been obliged to suffer the consequences.

That is, with each expansion residents in the surrounding neighbourhoods suffer the consequences of more traffic: loss of safety of pedestrians, cyclists and motorists; increased air and noise pollution; loss of enjoyment of property and neighbourhood facilities; loss of property values; loss of a sense of community; and an overall diminished quality of life.

I am therefore pleased to join with many other residents and our area associations to request, in the interests of the larger public good, that the Regional Official Plan treat Carlingwood and Fairlawn as a single commercial entity, and that Carlingwood-Fairlawn be limited to the existing gross leasable area.

Sincerely,

OVER

① — We observe a great increase in traffic on Woodroffe Avenue, as well as on the neighbourhood streets — leading to congestion of traffic and also speed. We used to appreciate and enjoy a quiet neighbourhood area.

②. — The traffic lights at Carling and Woodroffe make no arrow provision for traffic from Woodroffe to turn left on Carling (whether we come from Woodroffe North or from Fairlawn), and we find ourselves trying to dart between through traffic lines moving as fast as they can drive in the north-south lanes (whether we are driving a car or are pedestrians).

Jan. 25/88

Dear Sirs:

Our streets are already congested. So bad, that one has to walk up to the traffic lights to cross. that is the way it should be, but youngsters run across at full speed. There will be a serious accident soon, so stop expansion the limit should be 50,000 metres. This is quite enough for all normal purposes.

Yours truly

Carlingwood Shopping Centre
It should NEVER have expanded the 1st time!!
The shopping centre leaves a lot to be
→ OVER ←

desired in their traffic arrangements!!
e.g. Two lanes on the north side when in actual fact its one lane because of the transport trucks lined up to unload their merchandise. That gas island entrance and especially the exit is a disaster espec. if you are going N on Woodroffe!!

CLERK'S DEPARTMENT

Dear Chairman and Members:

I would like to record my support for the position that there should be no further expansion of the Carlingwood Shopping Centre and Fairlawn Plaza properties.

In particular, I am concerned that the regional roads (Woodroffe, Carling, Fairlawn) and intersections which abut the properties have become so congested, and so stressful to drivers, that ever-increasing volumes of shopping centre traffic and regional traffic are diverting from regional roads to neighbourhood streets.

Due to this invasion of local streets by shopping centre traffic, and by regional traffic trying to bypass the congestion around the properties, area residents have been obliged to suffer the consequences.

That is, with each expansion residents in the surrounding neighbourhoods suffer the consequences of more traffic: loss of safety of pedestrians, cyclists and motorists; increased air and noise pollution; loss of enjoyment of property and neighbourhood facilities; loss of property value; loss of a sense of community; and an overall diminished quality of life.

I am therefore pleased to join with many other residents and our area associations to request, in the interests of the larger public good, that the Regional Official Plan treat Carlingwood and Fairlawn as a single commercial entity, and that Carlingwood-Fairlawn be limited to the existing gross leasable area, which I understand is now 47,000 square metres.

Sincerely,

L.R. Griffiths

ADDITIONAL COMMENTS: (use reverse if necessary)

The Carlingwood Shopping Plaza is right next door to the Fairlawn Shopping Plaza which in itself is also a cause of significant traffic. The problem should be viewed in its entirety, therefore, and not just as being one created by the Carlingwood Shopping Centre alone. L.R.G.

Another problem area: 1084

ADDITIONAL COMMENTS: (use reverse if necessary)

We have already experienced severe congestion and danger from the last expansion. (1) To walk to the Carlingwood shopping center from our home

over

is a dangerous experience, the traffic has increased several fold. Cars are cruising in all directions looking for a parking place.

(2) To take a car into the area is a nightmare due to congestion at intersections and the difficulty of finding a parking space

(3) To go to Fairlawn is no better as people are now parking there and walking over to Carlingwood as there is no space left there.

Please stop any further foolish expansion before someone gets killed.

over

AS A RESIDENT ON WOODROFFE AVENUE I WOULD LIKE TO ADD THIS COMMENT:

THE TRAFFIC LOAD ON WOODROFFE IS CONSIDERABLE - ON THE SUNDAY AFTER CHRISTMAS, WHEN SHOPPING WAS PERMITTED, IT WAS EXTREMELY DIFFICULT TO EVEN GET ACCROSS WOODROFFE AVENUE SAFELY TO GO TO CHURCH.

THE TRAFFIC NOW IS VERY HEAVY & AT TIMES, ANNOYING AND DISRUPTIVE TO RESIDENTS. IT IS NOISY AND MANY CARS USE WOODROFFE AS A SPEEDWAY. IT SEEMS TO ME THAT AN INCREASE IN THE CARLINGWOOD - FAIRLAWN SHOPPING AVAILABILITY WOULD MAKE THE TRAFFIC UNBEARABLE FOR RESIDENTS.

ADDITIONAL COMMENTS: (use reverse if necessary)

A prime example of the increasing traffic pollution is the situation which exists between Woodroffe Public School and Carling Ave on Woodroffe Ave itself.

Since the new parking garage has been built adjacent to

Woodroffe Ave as additional Carlingwood Plaza parking, the change in traffic patterns sometimes make it almost impossible to exit east of Flower onto Woodroffe. As soon as the traffic light at Saville Row turns green to permit exit onto Woodroffe a secondary traffic flow is created which denies traffic exit east off Flower while at the same time ~~parking~~ traffic proceeding north on Woodroffe backs up beyond Flower and again prevents exit from Flower.

At Carling - Woodroffe - Fairlawn junction there is no filter light to permit southbound traffic on Woodroffe to turn east on Carling. The congestion this causes at rush hours and on week-ends is a terrible example of traffic control at its worst.

① CARLINGWOOD IS AT LEAST 500 PARKING SPACES SHORT AT PRESENT. WHY?

OVER →

(2) WITH SURROUNDING COMMUNITIES ALREADY BEING USED AS OFF-SITE PARKING LOTS, WHERE WILL PARKING BE PROVIDED SHOULD ANOTHER EXPANSION BE PROPOSED? HOW WILL CARLINGWOOD MAKE UP IT'S PRESENT SHORTFALL?

(3) THE VAST MAJORITY OF GOODS & SERVICES OFFERED BY CARLINGWOOD ARE ALSO AVAILABLE AT BAYSHORE – WHICH IS 5 MINUTES AWAY BY CAR, PROVIDES FAR MORE PARKING, IS MORE ACCESSIBLE FROM MAJOR ARTERIALS, AND HAS FAR LESS NEGATIVE IMPACTS ON THE SURROUNDING RESIDENTIAL COMMUNITY. – MY NEIGHBORHOOD IS A CAR PARK AND SHORTCUT/BYPASS FOR CARLINGWOOD.

(4) THE NEED FOR NEW RETAIL SPACE IS IN THE SOUTH AND EAST. – WHERE NEW POPULATION CENTRES ARE BEING DEPRIVED OF THE RETAIL INFRASTRUCTURE THAT IS NEEDED TO – AMONG OTHER THINGS – LESSEN THE TRAFFIC LOAD ON THE REGIONAL ROAD SYSTEM IN OTHER PARTS OF THE REGION. IN OTHER WORDS, LET THEM SHOP WHERE THEY LIVE, KEEP THEM OFF MY STREETS.

(5) AFTER HAVING ENDURED THE PLANNING FIASCO REGARDING THIS SITE FOR THE LAST 3 YEARS, ITS' HARD TO HAVE FAITH IN THE ABILITY OF THE CITY PLANNING DEPARTMENT TO MAKE NON-POLITICAL DECISIONS REGARDING RETAIL DEVELOPMENT IN OTTAWA. A PAROCHIAL TAX GRAB HAS SUPPLANTED PLANNING PRINCIPLES, ALLOWING POLITICAL OPPORTUNISM TO ONCE AGAIN WIN OUT OVER DEVELOPMENT WHICH IS MUTUALLY BENEFICIAL TO BOTH THE RETAILER AND THE HOMEOWNER. WE SIMPLY CAN'T AFFORD ANY MORE EXPANSION OF CARLINGWOOD.

We feel Carlingwood! That has been our neighbourhood for 15yrs has [illegible] fallen and is not over expanded
this area is no longer a place to feel safe and
secure, our street is like a main thoroughfare, all

traffic turns at the light to take a short cut down [illegible] to Woodroofe, at peak hours this is quite dangerous to pedestrians & cars trying to back out of driveways, all those sixteen homes in Fairlawn and the extension to Carlingwood, hast added a very overpopulated area, and ruined the quite pleasant life we once had, I and many others in this area have been against all this change, from day one but our voices have never been heard.

Due to this invasion of local streets by shopping centre traffic, and by regional traffic trying to bypass the congestion around the properties, area residents have been obliged to suffer the consequences.

That is, with each expansion residents in the surrounding neighbourhoods suffer the consequences of more traffic: loss of safety of pedestrians, cyclists and motorists; increased air and noise pollution; loss of enjoyment of property and neighbourhood facilities; loss of property value; loss of a sense of community; and an overall diminished quality of life.

I am therefore pleased to join with many other residents and our area associations to request, in the interests of the larger public good, that the Regional Official Plan treat Carlingwood and Fairlawn as a single commercial entity, and that Carlingwood-Fairlawn be limited to the existing gross leasable area.

Sincerely,

Jean M Crummey

ADDITIONAL COMMENTS: (use reverse if necessary)

Because of the heavy traffic allowed on Maitland - by now a throughway from the Queensway via Sherbourne to Richmond Rd (including heavy trucks) we realize it's almost impossible to get in and out our own laneways. When McDonald's restaurant was allowed to build so close to the Carling-Maitland intersection, with only one outlet in and out, it caused great tie-ups for bus & Carling traffic on top of 4 gas stations outlets. This was very poor planning by the city. Now they want to build 8-10 housing units on this corner, each side of Maitland, which will be a real hazard in traffic, added from these units.

In travelling by bus via Woodroffe area, I can see where it is overloaded there too - and adding to Carlingwood would make living in those areas impossible - especially with open nights and (God forbid) Sunday shopping too. Many shoppers even now use our nearby streets to get there via Carling instead of Woodroffe & Woodlawn.

Do hope our aldermen will consider this as a long-time residential area - which already is depreciating in private value because of business. We have so many shopping centres around the area, I am sure there is no need financially for Carlingwood to increase in stores, when many already are finding business poor due to too much competition now.

Hope everyone in this area will support your efforts to control the project. We are facing 2 such unwanted projects at present on Maitland, which will cause a real traffic jam at Carling corner. The heavy transport trucks heading for these commercial spots, increase every time new business opens, and our private properties get the exhaust, dirt, and noise all hours of the night as well as day time. The road is being broken in many places and the house shakes as they pass our properties. The agreement at the time of building the Queensway - due to this ~~street~~ being all residential - was "no trucks". Didn't last long - nor will their agreements re Woodroffe area.

I can find very little to say in favour of the existing mall and certainly can see no justification

for further expansion. I find the lack of entrance midway from the ~~east~~ north parking garage rediculous; one has to cross near the busy entrance to the area. Since the previous expansion I have avoided the place, except for a very occasional trip to Sears. I prefer to do my shopping elsewhere.

Truelly it is a disaster in the area. Parking is
so inconvenient I have quit going to
Carlingwood at all - tho' formerly it was our
mall)

shopping area. The first (+ last) we parked (at some distance of course) and we tried to shop at Loblaws; we disliked it so much we only stayed in the store about 10 minutes - when we left and went to Lincoln Fields - which we continue to use!

The "junky" feeling of the whole complex certainly turned me off.

With 3 schools in our neighbourhood we must ~~bear~~
keep in mind the need for safety. Our Children
is very important the increased traffic will
increase the danger of school Crossing where

young children act as patrols.

As it is we have cars, school buses, trucks traveling through our street at an unusual amount for a residential area and for the taxes we pay for the area.

We have lived in our present house since 1966 - We chose it for the reasons then as a young family for what it had to offer as a quiet residential community, safe, close to schools, little traffic. Through the ~~th~~ years we have seen an increase of traffic, necessity of 5 stop signs on our street as a result of the building of Lincoln shopping center, Fairlane & Collingwood expansion.

While we have ~~are~~ not been in opposition of progress, we feel that there has to be a limit and this limit has more than been reached in the name of progress.

We must put people before profit, Collingwood provides enough services so does Fairlane.

I sincerely hope that you as our elected official do not lose sight of the needs of the people as a community that we are trying to maintain, and make your decisions as human beings not as robots without care.

Thank-you

Sincerely

Sharon Ry Kosaloy

Traffic + parking in + on neighbouring streets around C'wood is so congested; on Sat: all residential streets surrounding it are full- an insupportable situation. The entire parking lot is dangerous & a mess - too many roads, too many bits & pieces, resulting in very hazardous conditions; this is every shopping day, not only on Saturday.

The multi-story parking garages are ugly + spoil the entire neighbourhood. Had the shopping centre been left to it's 1986 size, i.e. the size prior to this recent expansion, we would not have needed these awful multi-story garages. In addition, the post office could have remained at C'wood - so convenient. As it is now, it has moved to a most inconvenient spot out on Richmond Rd., + we know there have been many complaints about this, especially from seniors.

It seems the powerful developers always get their way, with the result that the citizens are left to put up with the mess afterwards.

* IN ADDITION TO POINTS MENTIONED IN THIS PARAGRAPH, I AM ADDING AND UNDERSCORING THE FOLLOWING: AS AN EXAMPLE OF INCREASED AIR AND NOISE POLLUTION AND DIMINISHED QUALITY OF LIFE, I AM PARTICULARLY

ANNOYED THAT WE CAN NO LONGER SIT OUT ON OUR PORCH OR FRONT LAWN AND CARRY ON ANY CONVERSATION. THE NOISE OF TRAFFIC AND THE GASOLINE AND EXHAUST FUMES, PREVENT THIS PLEASANTRY OF LIFE WHICH WE, AS RATEPAYERS, USED TO ENJOY AND FEEL THAT WE ARE NOW DEPRIVED OF OUR RIGHTS. YOU WILL NOTE FROM OUR ADDRESS ON LENESTER THAT WE ARE ON THE CORNER OF FAIRLAWN i.e ON THE "HOT SEAT". YOU WILL ALSO APPRECIATE THAT "MEAL TIME" ON THE LAWN WOULD ORDINARILY BE 4. TO 6 pm. EVERY DAY ~~OR~~, AT NOON 11^{30}–1^{00} p.m. OR ON SATURDAY WHEN TRAFFIC IS BUMPER TO BUMPER.

WE DO NOT WANT ANY MORE SHOPPING CENTRE TRAFFIC AND EXPECT SOME SUPPORT FROM CITY ALDERMEN, INCLUDING COUNCILLOR HOLZMAN.

[illegible]

Chairman G. Hunter and Members of Planning Committee
Regional Municipality of Ottawa-Carleton
222 Queen Street
Ottawa, Ontario
K1P 5Z3

Dear Chairman and Members:

I would like to record my support for the position that there should be no further expansion of the Carlingwood Shopping Centre and Fairlawn Plaza properties.

In particular, I am concerned that the regional roads (Woodroffe, Carling, Fairlawn) and intersections which abut the properties have become so congested, and so stressful to drivers, that ever-increasing volumes of shopping centre traffic and regional traffic are diverting from regional roads to neighbourhood streets.

Due to this invasion of local streets by shopping centre traffic, and by regional traffic trying to bypass the congestion around the properties, area residents have been obliged to suffer the consequences.

That is, with each expansion residents in the surrounding neighbourhoods suffer the consequences of more traffic: loss of safety of pedestrians, cyclists and motorists; increased air and noise pollution; loss of enjoyment of property and neighbourhood facilities; loss of property values; loss of a sense of community; and an overall diminished quality of life.

I am therefore pleased to join with many other residents and our area associations to request, in the interests of the larger public good, that the Regional Official Plan treat Carlingwood and Fairlawn as a single commercial entity, and that Carlingwood-Fairlawn be limited to the existing gross leasable area.

Sincerely,

Marilyn Thomson

ADDITIONAL COMMENTS: (use reverse if necessary)

The noise and air pollution surrounding our home at the corner of Lenester and Fairlawn is now at the intolerable stage. We can no longer sit under our

(over)

trees on the front lawn and read a study, which is a part of our lives, or even converse with each other and be heard. We can no longer entertain in the summer on our front lawn because of the noise! If our front door is open, we cannot hear to converse on the telephone, inside our home! Saturdays and Sundays have become intolerable in the summer as well as the period from 4:30 PM to 6:30 PM everyday!

I would invite City Council for lemonade & cookies on our front lawn any Saturday next summer so they can see and hear for themselves.

As well, the extreme hazard to life and limb while trying to cross the street at this corner is a daily threat. D. Roy Kennedy school is ½ block away and I fear for the children having to negotiate this hazardous corner.

I strongly protest the diminution of our tranquil & pleasant way of life, which we have earned, by this horrendous traffic!

Chairman G. Hunter and Members of Planning Committee
Regional Municipality of Ottawa-Carleton

I would like to see Carlingwood be a neighbourhood shopping centre. Other shopping centres, which are accessed without going through a residential neighbourhood, – for example – centres close to the Queensway + directly accessed – can meet the public demands – without further congesting residential Carlingwood area.

I get the impression there is far too much development going on in our cities and far too many pro-development councillors on municipal Councils. Councillors appear not to have much

OVER.—

Knowledge or care about the environment of our urban areas. Councillors should ~~to prove~~ prove they have a basic knowledge* of environmental subjects before they run for office in the future ~~and~~

Ex-councillors, who are lawyers by vocation should not be allowed to lobby for developer clients for, say, a year or more out of office

* up-to-date knowledge. Keep in mind many of these same city councillors are members of Regional Committees & Council dealing with matters which affect the environment & peoples health; conservation & preservation of "islands of green" etc. which should be there long after they are dead & buried.

Due to this invasion of local streets by shopping centre traffic, and by regional traffic trying to bypass the congestion around the properties, area residents have been obliged to suffer the consequences.

That is, with each expansion residents in the surrounding neighbourhoods suffer the consequences of more traffic: loss of safety of pedestrians, cyclists and motorists; increased air and noise pollution; loss of enjoyment of property and neighbourhood facilities; loss of property value; loss of a sense of community; and an overall diminished quality of life.

I am therefore pleased to join with many other residents and our area associations to request, in the interests of the larger public good, that the Regional Official Plan treat Carlingwood and Fairlawn as a single commercial entity, and that Carlingwood-Fairlawn be limited to the existing gross leasable area.

as I'am doing some work on the expansion of Carlingwood myself as contractor it is nice to have new features to go and etc. But enough is enough people in this area should have a say on what is going in their own backyard – (Dave) as sub - contractor for commercial flashing on the roof. I saw the property in ~~[illegible]~~ state then to expand more. This is no right you have enough space now for too much as it is.

Yours Truly
David L. [illegible]

As a property owner & Resident on Woodroffe Av. (Between Lancaster/Georgina & the Queensway) we are in a perfect position to complain about the dreadful increase in traffic ALLDAY + ALLEVENING. It is shocking to realize how difficult it is now to drive, frontwards or backwards, out of our drive way; in an attempt to drive towards Lancaster & or Carling Av. The constant rumble is NOT pleasant I assure you. The extension to Carling would

(over)

1157 Books quite bright, visible BUT how many more Womens
dress shops do we need? shoe shops, + food out lets!!
& Still no conveniences like a POST OFFICE. REST AREA
& How does a person in a wheel chair get through those
doors to a washroom that is definitely marked ♿ thus?
I believe it is very irresponsible of all Civic Leaders -
Aldermen etc, to even consider any further expansion
to Carlingwood &/or Fairlawn. We have been
residents in Woodroffe since 1957 - (30 years!).

Does anyone realize how difficult it is to try
& cross the street in front of our house to get to
the BUS stop across the street - No wonder so
few people use it! The "walk" lite at Woodroffe & Lenester
is a great idea - But I pity anyone who is not very
quick on their feet - not to mention the handicapped

One only has to count the number of car
accidents at Woodroffe/Lenester/Georgina & Woodroffe
& Carling to get a very horrifying picture what the
future promises IF ANY EXPANSION even takes place

CLERK'S DEPARTMENT

Chairman G. Hunter and Members of Planning Committee
Regional Municipality of Ottawa-Carleton
222 Queen Street
Ottawa, Ontario
K1P 5Z3

Dear Chairman and Members:

I would like to record my support for the position that there should be no further expansion of the Carlingwood Shopping Centre and Fairlawn Plaza properties.

In particular, I am concerned that the regional roads (Woodroffe, Carling, Fairlawn) and intersections which abut the properties have become so congested, and so stressful to drivers, that ever-increasing volumes of shopping centre traffic and regional traffic are diverting from regional roads to neighbourhood streets.

Due to this invasion of local streets by shopping centre traffic, and by regional traffic trying to bypass the congestion around the properties, area residents have been obliged to suffer the consequences.

That is, with each expansion residents in the surrounding neighbourhoods suffer the consequences of more traffic: loss of safety of pedestrians, cyclists and motorists; increased air and noise pollution; loss of enjoyment of property and neighbourhood facilities; loss of property value; loss of a sense of community; and an overall diminished quality of life.

I am therefore pleased to join with many other residents and our area associations to request, in the interests of the larger public good, that the Regional Official Plan treat Carlingwood and Fairlawn as a single commercial entity, and that Carlingwood-Fairlawn be limited to the existing gross leasable area.

Sincerely,

PMH Jackson

ADDITIONAL COMMENTS: (use reverse if necessary)

For the past 12 months we have seen motor vehicle traffic increase tremendously on Dovercourt from Saville Row to Broadview Ave. and associated streets. - Haymarket & Nepawa Aves. have become parking areas for shopping traffic and are a direct hazard for local householders and children who attend Woodroffe Public School.

Trizec Corpn (Bronfman) declared that Carlingwood Shopping centre returns the greatest revenue per sq ft. of leased area of any property in Canada.

The greedy & avaricious owners have **no** interest in protecting local residents from their expansion efforts or the downgrading of the abutting areas.

Under NO circumstances should the present gross leasable area be allowed to increase as the resulting vehicular traffic and NOISE will become a direct menace to the residential area.

Dear Chairman and Members:

I would like to record my support for the position that there should be no further expansion of the Carlingwood Shopping Centre and Fairlawn Plaza properties.

In particular, I am concerned that the regional roads (Woodroffe, Carling, Fairlawn) and intersections which abut the properties have become so congested, and so stressful to drivers, that ever-increasing volumes of shopping centre traffic and regional traffic are diverting from regional roads to neighbourhood streets.

Due to this invasion of local streets by shopping centre traffic, and by regional traffic trying to bypass the congestion around the properties, area residents have been obliged to suffer the consequences.

That is, with each expansion residents in the surrounding neighbourhoods suffer the consequences of more traffic: loss of safety of pedestrians, cyclists and motorists; increased air and noise pollution; loss of enjoyment of property and neighbourhood facilities; loss of property value; loss of a sense of community; and an overall diminished quality of life.

I am therefore pleased to join with many other residents and our area associations to request, in the interests of the larger public good, that the Regional Official Plan treat Carlingwood and Fairlawn as a single commercial entity, and that Carlingwood-Fairlawn be limited to the existing gross leasable area.

Sincerely,

Richard J. McLaren

ADDITIONAL COMMENTS: (use reverse if necessary)

We would also like to let it be known our annoyance at the increasing number of heavy commercial vehicles and OC Transpo buses which utilize Fox Crescent (between Woodroffe + Fairlawn) as a quick short-cut to the main arteries. The signs to indicate that

Fox Crescent is not a truck route seem to be invisible to these drivers. We'd like to point out that it seems quite a few of these trucks are suppliers to Carlingwood + Fairlawn Plazas.

The OC Transpo buses stop at the Mr. Donut at the corner of Carling + Fairlawn - drivers nip in for a snack - then loop around back onto Carling via Fox Crescent to link up to their regular route.

Any further expansions of these two shopping complexes should be totally out of the question. Residents in the area are already putting up with enough as it is.

L. McLaren

WHY IS BIGGER CONSIDERED TO BE BETTER? IT WOULD ONLY POSSIBLY BENEFIT THE RETAILERS — CERTAINLY NOT AREA RESIDENTS NOR THE NEIGHBOURHOOD AMBIENCE. TRAFFIC ON FEEDER STREETS IS ALREADY VERY CONGESTED AND PARKING IS TERRIBLE — PARTICULARLY ON SATURDAYS. LEAVE WELL ENOUGH ALONE — PEOPLE AND THEIR CONTENTMENT — RESIDENTS OF THE CARLINGWOOD AREA ARE THE PRIMARY CONSIDERATION — NOT THE MERCHANTS.

Dear Chairman and Members:

I would like to record my support for the position that there should be no further expansion of the Carlingwood Shopping Centre and Fairlawn Plaza properties.

In particular, I am concerned that the regional roads (Woodroffe, Carling, Fairlawn) and intersections which abut the properties have become so congested, and so stressful to drivers, that ever-increasing volumes of shopping centre traffic and regional traffic are diverting from regional roads to neighbourhood streets.

Due to this invasion of local streets by shopping centre traffic, and by regional traffic trying to bypass the congestion around the properties, area residents have been obliged to suffer the consequences.

That is, with each expansion residents in the surrounding neighbourhoods suffer the consequences of more traffic: loss of safety of pedestrians, cyclists and motorists; increased air and noise pollution; loss of enjoyment of property and neighbourhood facilities; loss of property value; loss of a sense of community; and an overall diminished quality of life.

I am therefore pleased to join with many other residents and our area associations to request, in the interests of the larger public good, that the Regional Official Plan treat Carlingwood and Fairlawn as a single commercial entity, and that Carlingwood-Fairlawn be limited to the existing gross leasable area.

Sincerely,

(signature)

Why does the city create its own unsolvable problems by bringing about more shops and therefore more garbage?! The near-by Carlingwood Shopping Centre population wants neither. I would prefer (as others should) to find

(over)

Servicing people in anywhere in Ottawa for repairs (electrical, domestic items, sewing etc) than buying new and disgarding still good iron, stove, toaster, lawn-mower ... because nobody wants to "tinker" with, or the firm has gone bankruptcy and does not supply parts.

The Ottawa Board of Education should get envolved to teach next generation to prefer "quality to quantity.

Fraada

ADDITIONAL COMMENTS: (use reverse if necessary)

I want to enjoy our neighbourhood, not have to constantly battle shopping centre traffic. As well, the shopping centre is now far too big, with the consequence that the parking lot is overcrowded + people are parking on neighbourhood streets on weekends + evenings. This is most annoying, not to mention the parking lot itself, which is extremely hazardous + very badly planned. We are fed up with the situation.

ADDITIONAL COMMENTS: (use reverse if necessary)

I have lived at the above address for 37 years. When I bought my house the area from Broadview Ave. to Woodroffe and from Carling to Byron was occupied by, and almost entirely restricted to single family dwellings. I bought, as did the majority of other home owners, because I wanted to be remote from heavy traffic and commercial and shopping areas, where traffic and NOISE degrade the quality of family living seriously.

I feel very strongly that the City of Ottawa and the Regional Municipality have an obligation to protect the health and happiness of those of us who have helped the city, against endless expansion by commercial and shopping interests.

I heartily endorse all the points made in the above letter.

It gets very discouraging, tax payers seem to have
no rights. This has been going on year after year
in extending size of shopping centre, Sundays are quiet
not making it pleasant for area residents, only

supported the centre in the first place
and the patrons gave "Collingwood S.C." its profits
and reputation. NOW, bigger is far from
better, that same "S.C." seems to be trying to ruin
the area, expansion just for expansion's
sake cannot generate that much more
profit, there'd have to be other reasons.
If you alienate enough people and
taxpayers the entire concept will fail.
It's up to our City Fathers to keep
a careful watch on development

Yours Truly
K. N. McKibbon

The traffic on Woodroffe Ave (In near the corner, south of, the Woodroffe 'Georgina'/Lenester intersection) is already horrendous," & accidents at that corner are increasing in number. One, yesterday, took out the traffic light standard corner of ~~[illegible]~~ GEORGIANA & Woodroffe, as did a preceding one a few-

weeks ago. The school crossing at that corner
increases the hazard. Increasing the size of
the shopping center will only lead to more congestion

ADDITIONAL COMMENTS: (use reverse if necessary)

The last two expansions of Carlingwood have been nothing short of ridiculous insofar as pedestrian traffic and parking on site are concerned. Right now there is a constant intermingling of people and [illegible] vehicles along the rear of the mall - between the mall & the northside parking garage. Why is there no sidewalk on the mall side of the roadway at that point so people don't have to walk on the roadway to get from the stores to the parking garage? It's crazy! (over)

Along the west there is an incredible jam at the stop signs in front of the western parking garage. Why didn't someone think of putting an elevated walkway from the parking garage to the western entrance (over the roadway).

This kind of insensitive planning & construction relative to the needs of pedestrians does not instill any confidence in the nature of further expansion.

I am thoroughly against any further expansion & I also demand that the current design be remedied to alleviate the incredible shortcomings I have mentioned.

I would like to record my support for the position that there should be no further expansion of the Carlingwood Shopping Centre and Fairlawn Plaza properties.

In particular, I am concerned that the regional roads (Woodroffe, Carling, Fairlawn) and intersections which abut the properties have become so congested, and so stressful to drivers, that ever-increasing volumes of shopping centre traffic and regional traffic are diverting from regional roads to neighbourhood streets.

Due to this invasion of local streets by shopping centre traffic, and by regional traffic trying to bypass the congestion around the properties, area residents have been obliged to suffer the consequences.

That is, with each expansion residents in the surrounding neighbourhoods suffer the consequences of more traffic: loss of safety of pedestrians, cyclists and motorists; increased air and noise pollution; loss of enjoyment of property and neighbourhood facilities; loss of property value; loss of a sense of community; and an overall diminished quality of life.

I am therefore pleased to join with many other residents and our area associations to request, in the interests of the larger public good, that the Regional Official Plan treat Carlingwood and Fairlawn as a single commercial entity, and that Carlingwood-Fairlawn be limited to the existing gross leasable area.

Sincerely,

POSTAL CODE: K2B 5L2

DATE: March 11, 1988

ADDITIONAL COMMENTS: (use reverse if necessary)

I and my family live on Edgeworth Ave., a narrow street with no sidewalks and the only one in the area where street parking is not permitted. It is also the only street between Woodroffe and where Carling passes over the Western Parkway which provides access off Carling to Richmond Road

→

and to the Woodpark area. It is, therefore, a very busy street with
an already serious traffic problem. Local residents walk the street at their
peril, running an obstacle course through two-way and off-speeding traffic
and around parked cars, sometimes parked on both sides of the street.
The residential character of the neighbourhood has deteriorated in the
seven years I have lived here due to the worsening traffic situation.
I would like to remain here. I have a fine home and friends on the
street. I strongly oppose, therefore, any further development at
Carlingwood shopping centre. The purpose of any development would
be to attract more customers. This would translate into more
traffic which, because of the inadequate traffic design, would
be channelled through the neighbourhood; and in particular, along
Edgeworth Ave.

No traffic studies were conducted before the
last expansion of Carlingwood, to determine the impact on the
neighbourhood. I feel this was totally irresponsible on the part of
the city. It would appear, based on statements made by
Alderman Holtzman at a recent meeting at Woodroffe Public
school, that no traffic study will be performed before any
decision is scheduled to be made with respect to any new
development at Carlingwood. I think this would be criminal
and an outrage to right thinking residents of the Woodpark area.

In my view, the interests of this local
community in preserving and protecting what residential character there
remains of this neighbourhood outweighs by far the interests of
the developer in maximizing what I am sure is already a
very healthy return on its investment. I respectfully ask, therefore
the the Planning Committee recommend or find, or whatever the nature of
its decision making power may be, that no further development take
place. Thanking you for giving this letter your consideration.

Michael Axin

Due to this invasion of local streets by shopping centre traffic, and by regional traffic trying to bypass the congestion around the properties, area residents have been obliged to suffer the consequences.

That is, with each expansion residents in the surrounding neighbourhoods suffer the consequences of more traffic: loss of safety of pedestrians, cyclists and motorists; increased air and noise pollution; loss of enjoyment of property and neighbourhood facilities; loss of property value; loss of a sense of community; and an overall diminished quality of life.

I am therefore pleased to join with many other residents and our area associations to request, in the interests of the larger public good, that the Regional Official Plan treat Carlingwood and Fairlawn as a single commercial entity, and that Carlingwood-Fairlawn be limited to the existing gross leasable area.

Sincerely,

Deborah Friedman

OTTAWA-CARLETON RECEIVED APR 6 1988 CLERK'S DEPARTMENT

Chairman G. Hunter and Members of Planning Committee
Regional Municipality of Ottawa-Carleton
222 Queen Street
Ottawa, Ontario
K1P 5Z3

Dear Chairman and Members:

I would like to record my support for the position that there should be no further expansion of the Carlingwood Shopping Centre and Fairlawn Plaza properties.

In particular, I am concerned that the regional roads (Woodroffe, Carling, Fairlawn) and intersections which abut the properties have become so congested, and so stressful to drivers, that ever-increasing volumes of shopping centre traffic and regional traffic are diverting from regional roads to neighbourhood streets.

Due to this invasion of local streets by shopping centre traffic, and by regional traffic trying to bypass the congestion around the properties, area residents have been obliged to suffer the consequences.

That is, with each expansion residents in the surrounding neighbourhoods suffer the consequences of more traffic: loss of safety of pedestrians, cyclists and motorists; increased air and noise pollution; loss of enjoyment of property and neighbourhood facilities; loss of property value; loss of a sense of community; and an overall diminished quality of life.

I am therefore pleased to join with many other residents and our area associations to request, in the interests of the larger public good, that the Regional Official Plan treat Carlingwood and Fairlawn as a single commercial entity, and that Carlingwood-Fairlawn be limited to the existing gross leasable area.

The convenience of Shopping Centers seems to have disappear with the enlargement of Carlingwood. It takes twice as long to shop going from end to the other, plus longer to find parking space. And if it is enlarged you'll need a day to go to your neighbourhood Shopping Mall to buy a spool of thread. It will soon be quicker to go uptown. E.B.

I live south of Lenester Ave., just off Fairlawn Ave.
I leave my neighbourhood by travelling north on Fairlawn to Lenester and proceed from there. The Fairlawn-Lenester intersection is quite busy, and particularly at rush hours and all day Saturday; with a 4 way stop there, often much confusion exists as to whom should proceed first, and undoubtedly more accidents are going to occur even though it is a 4 way stop intersection. I believe a lot of the traffic at this intersection is generated by Carlingwood Shopping Centre traffic and not by local residents.

In particular, I am concerned that the regional roads (Woodroffe, Carling, Fairlawn) and intersections which abut the properties have become so congested, and so stressful to drivers, that ever-increasing volumes of shopping centre traffic and regional traffic are diverting from regional roads to neighbourhood streets.

Due to this invasion of local streets by shopping centre traffic, and by regional traffic trying to bypass the congestion around the properties, area residents have been obliged to suffer the consequences.

That is, with each expansion residents in the surrounding neighbourhoods suffer the consequences of more traffic: loss of safety of pedestrians, cyclists and motorists; increased air and noise pollution; loss of enjoyment of property and neighbourhood facilities; loss of property value; loss of a sense of community; and an overall diminished quality of life.

I am therefore pleased to join with many other residents and our area associations to request, in the interests of the larger public good, that the Regional Official Plan treat Carlingwood and Fairlawn as a single commercial entity, and that Carlingwood-Fairlawn be limited to the existing gross leasable area.

Sincerely,

Mrs Muriel E Hawkins

ADDITIONAL COMMENTS: (use reverse if necessary)

I certainly agree — no further expansion of Carlingwood Shopping Centre
Most of the stores are very attractive & interesting but we do not need any more, we also do not need more traffic, more noisy construction.

→

no more inconvenience we all experienced in this area

Personally - some of the changes worse not better

① no small area seems to have arranged for a sub. Postal office.

② Hardware moved to 2nd floor at Sears not handy at all

3 The open eateries - a space of massed confusion & pending indigestion
Better to have had couple nice Cafés or restaurants. Tea room etc.

M Hawken

We already have too many shopping centres in this area. I don't see the need of further expansion at Carlingwood and Fairlaw for the next twenty years. Neither will I be interested to see "Carlingwood to develop, into one of those "supper centres". You just do not and will not have the roads and space to deal with the problem.

ADDITIONAL COMMENTS: (use reverse if necessary)

The traffic on Fairlawn Ave. has become nothing less then horrendous since I moved here in August '85. Sometimes I have to wait 5 minutes or more to leave my driveway because of the traffic volumes that are shortcutting the two Woodroffes.

(over)

I'm not against commercial development however further Carlingwood expansion can only aggravate an already intolerable situation.

why can't Fairlawn be closed off to through traffic? Or close Lenester at woodroffe by the school — make the Woodroffe / Carling traffic stay on Woodroffe + Carling avenues!

Other neighbourhoods in this city have been protected from unreasonable traffic incursions by street closures; why not our neighbourhood? The increasing traffic levels, noise, pollution + danger have become intolerable + I sincerely hope something can be done soon to rectify this situation.

ADDITIONAL COMMENTS: (use reverse if necessary)

A great deal of Carlingwood Shopping Centre traffic travels from Carlingwood -> Flower -> Ancaster -> Lawn -> Edgeworth -> Carling going west. Also a great deal of Halldon Square traffic travels from Carling (going East) onto Edgeworth -> Lawn -> Woodland -> Halldon Square because Halldon Square is inaccessible from Carling Ave going East. I would suggest that the median be opened in front of Halldon Square for East-bound Carling Ave. traffic.
Recently two people involved in an accident on the corner of Lawn + Edgeworth used our telephone to call the police. One person

said she worked in Real Estate at Halldon Square. She did not live in the area. She was using Edgeworth & Lawn to travel from work - as many others do in Halldon Square.

Presently there is a direct opening into Halldon Square travelling West on Carling. It would involve very little expense to open the median at the same point for traffic going East on Carling. The workers in Halldon Square would prefer a direct access to Halldon Square off Carling (East only) - I am sure - so that they can stay in the flow of traffic on Carling. The streets which are being used (such as Edgeworth & Lawn) by shopping centre traffic are not suitable for heavy volumes of traffic. Many seniors walk on Edgeworth from Central Park Lodge and Beacon Hill Lodge - including people in wheelchairs. + School buses travel Edgeworth-Lawn route. The corner of Edgeworth & Lawn is an access to the NCC Parkway for pedestrians and bicyclists. Drivers should not be in this residential area except local residents who know the area and are aware of the safety concerns in Woodpark.

Thank you for your attention to curb the volumes of shopping centre traffic from Carlingwood and Halldon Square in this area. Your efforts may save many accidents and lives.

No more expansion to Carlingwood Mall,

OTTAWA-CARLETON RECEIVED MAR 21 1980 CLERK'S DEPARTMENT

1165

Chairman G. Hunter and Members of Planning Committee
Regional Municipality of Ottawa-Carleton
222 Queen Street
Ottawa, Ontario
K1P 5Z3

Dear Chairman and Members:

I would like to record my support for the position that there should be no further expansion of the Carlingwood Shopping Centre and Fairlawn Plaza properties.

In particular, I am concerned that the regional roads (Woodroffe, Carling, Fairlawn) and intersections which abut the properties have become so congested, and so stressful to drivers, that ever-increasing volumes of shopping centre traffic and regional traffic are diverting from regional roads to neighbourhood streets.

Due to this invasion of local streets by shopping centre traffic, and by regional traffic trying to bypass the congestion around the properties, area residents have been obliged to suffer the consequences.

That is, with each expansion residents in the surrounding neighbourhoods suffer the consequences of more traffic: loss of safety of pedestrians, cyclists and motorists; increased air and noise pollution; loss of enjoyment of property and neighbourhood facilities; loss of property value; loss of a sense of community; and an overall diminished quality of life.

I am therefore pleased to join with many other residents and our area associations to request, in the interests of the larger public good, that the Regional Official Plan treat Carlingwood and Fairlawn as a single commercial entity, and that Carlingwood-Fairlawn be limited to the existing gross leasable area.

Sincerely,

Vera Kit

ADDITIONAL COMMENTS: (use reverse if necessary)

The removal of the crosswalk at the end of Flower Ave crossing Woodroffe Ave has been a Great inconvieniance to my mother & me. We have both been crossing here for over 15 years. The majority at the nieghbourhood is still used to crossing there (myself included) and always will however now we must dodge the traffic.

Dear Chairman and Members:

I would like to record my support for the position that there should be no further expansion of the Carlingwood Shopping Centre and Fairlawn Plaza properties.

In particular, I am concerned that the regional roads (Woodroffe, Carling, Fairlawn) and intersections which abut the properties have become so congested, and so stressful to drivers, that ever-increasing volumes of shopping centre traffic and regional traffic are diverting from regional roads to neighbourhood streets.

Due to this invasion of local streets by shopping centre traffic, and by regional traffic trying to bypass the congestion around the properties, area residents have been obliged to suffer the consequences.

That is, with each expansion residents in the surrounding neighbourhoods suffer the consequences of more traffic: loss of safety of pedestrians, cyclists and motorists; increased air and noise pollution; loss of enjoyment of property and neighbourhood facilities; loss of property value; loss of a sense of community; and an overall diminished quality of life.

I am therefore pleased to join with many other residents and our area associations to request, in the interests of the larger public good, that the Regional Official Plan treat Carlingwood and Fairlawn as a single commercial entity, and that Carlingwood-Fairlawn be limited to the existing gross leasable area.

Sincerely,

Louis W Travis

ADDITIONAL COMMENTS: (use reverse if necessary)

THERE HAS BEEN A NOTICEABLE INCREASE IN THE AMOUNT OF TRAFFIC TURNING ON TO LENESTER AVENUE HEADING WEST FROM MAITLAND AVENUE SINCE THE NEW HOUSING DEVELOPMENT AT FAIRLAWN AS WELL AS THE EXPANSION OF CARLINGWOOD MALL. IT HAS BECOME INCREASINGLY DIFFICULT TO GAIN ACCESS NORTHBOUND ON MAITLAND FROM LENESTER, BY CAR. ALSO, PEDESTRIAN TRAFFIC SIMPLY TRYING TO CROSS LENESTER AT [illegible] MAITLAND

.../2

CONT.

CORNER FIND THEMSELVES IN DANGER OF BEING HIT BY SPEEDING CARS TRYING TO MAKE THE WEST BOUND TURN TRYING, THEMSELVES, TO "BEAT" THE SOUTH BOUND TRAFFIC ON MAITLAND.

I HAVE WATCHED THE TRAFFIC AT THIS INTERSECTION QUITE A LOT IN THE PAST FEW YEARS AND WONDER WHY SOMEONE HAS NOT BEEN SERIOUSLY INJURED AS A RESULT OF AN ACCIDENT. THERE HAVE BEEN INNUMERABLE "NEAR MISS" ACCIDENTS AND THOSE WHICH HAVE OCCURRED, FORTUNATELY, HAVE, AS I HAVE SAID, HAVE NOT BEEN TOO SERIOUS. DO WE HAVE TO HAVE A FATALITY AT THIS INTERSECTION BEFORE SOMETHING IS DONE ABOUT IT.

I AGREE, ANY EXPANSION, BEYOND THE CURRENT CARLINGWOOD MALL FAIRLAWN RESIDENTIAL AREA WILL LEAD TO OVER-USE OF OUR RESIDENTIAL STREETS BY "UNFAMILIAR" AND ANXIOUS DRIVERS.

THANK YOU FOR YOUR ATTENTION
